MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of September, the Department of Human Services received 7,271 applications for Aid to Families with Dependent Children, an increase of 2,274 (45.5 percent) over the number received during August. In comparison with the number of applications received during September of the preceding year, there was an increase of 1,111 applications (18 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,447 AFDC applications during September. This number was 42.6 percent of the total applications on hand. It compares with 46.8 percent of the total number on hand for which investigations were completed during the preceding month and 46.2 percent for which investigations were completed during the same month of the preceding year. Three thousand five hundred and eighty-four (65.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during September, in comparison with 3,145 applicants (64.6 percent of those investigated) approved the preceding month and 3,225 applicants (64.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 14 percent over the number approved in August and an increase of 11.1 percent over the number approved in September 1985. The rate of approvals for the AFDC Program increased over the preceding month by 1.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during September amounted to $8,754,115. This was an increase of 1 percent over the amount of money payments for August, and an increase of 7.2 percent over the money payments for September of the preceding year. Payments were made for 60,227 families with 111,146 children at an average grant of $145.35 per family and $0.26 per child. In comparison with the same month of last year, the average grant showed an increase of $2.44 per family and an increase of $1.65 per child.

CASES CLOSED

Two thousand six hundred and ninety-two AFDC cases were closed during September, an increase of 10 percent over the August closures. In comparison with the same month of the preceding year, the closures showed an increase of 23.1 percent. Four hundred and eighty-five (18 percent) of the AFDC cases closed during September were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand two hundred and seven (82 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
